Stay informed about special deals, the latest products, events, and more from Microsoft Store. When engineers want to teach a machine to perform a task, they start by building a training set – in lay terms, a collection of material that will help the machine understand the rules of the new job. Within the Gulf, the outcomes are clear. Play the beginning for free. I went on a half-year long hiatus from this game, because the controls were so terrible, and they were preventing me from solving a seemingly simple puzzle. Unfortunately it didn't last long enough for my pocket to stop screaming at me.
