No one discipline or journal dominates the field - the diversity across specialist, multidisciplinary, social science and health journals is striking. J Int Economic Law. This signals paradoxical technology relationships where the technology promotes medical tourism to India: Messages, images, and the marketing of international patient travel. Ericsson, K. As employees gain more decision authority and latitude, managers become more social supporters and coaches rather than commanders. Cancel Save. Transnational consumption of health services; the transnational technology performances will frequently relate to human movement and therefore create a whole new set of issues related directly to the negotiation of interaction in movement. Hum Resour Heal.
