Hey, I mean this as sincerely as possible. There's just one problem with Epictetus' analogy: Once you leave life, there's no going. This outcome implies not only that suicide is difficult, but that its difficulty lies in the fact that apathy is not a viable option – which one of the characters suggests earlier in the book. Apr11,PM. There's no meaning to any of it if the grand scheme of things is just to reproduce, right? Since joining the military at 17 has a lot of caveats, I assume you think a 17 year old should be allowed to commit suicide only if he has a High School diploma and has his parents permission.
