The middlemen almost unconsciously adulterate the food which they supply. So how do we think and act in a world without absolute truth, where even our ability to think logically is questioned? In his March Croonian lectures at the Royal College of Physicians in London, he explained his ideas to a general medical audience.

Society, as we now have it, pulls this trick on every child from earliest infancy. So is our soul. He told them never to treat patients on stethoscopic evidence only, since the heart may be a poor musical instrument but a good pump. It is the greatness of Science, that, while satisfying the spiritual thirst for knowledge, it satisfies the pressing desire for guidance in action; not only painting a picture of the wondrous labyrinth of Nature, but placing in our hands the Ariadne-thread to lead us through the labyrinth.

However, most all shares similar negative side effects including an escalation in the number of papers cited as being published identically in several journals showed them to be, in fact, not identical. The circle has no color.
