I am at the most darkest times in my life. Feel free to pass this along to whoever you think is appropriate and if this actually makes sense :

Godblessedthatbusinessformanyyears.Threemoresessionstogo. That means they had cancer, and they either didn't do treatment or the treatment didn't work, and then for some reason, the cancer went away. In the end, my wife died of the effects of Taxol and Carboplatin, which may have caused the cerebellum tumors, and the terrible effects of Whole Brain Radiation, which further scans revealed had caused extensive damage to her brain. Workplace bullying by my ex-boss made me decide to resign from my role last month.

Weneedthetocomebackbeforewecanstartround2.A week before I had told her that I dreaded that moment when she would leave for the last time.
