IV, 12– Small traces of worming on the lower margin of the first five leaves. I wonder also how we can relate this kind of discussion to the problems of information ethics and robo-ethics in an academic or theoretical as well as in a practical way in order to address difficult matters such as youth's wrong-doings as an expression of the loss of identity, or the loss of sense of fundamental relations between human beings, the poverty of

meaning in our minds and so on.

But the height of audacity, in serving up pure nonsense, in stringing together the many key thinkers who contributed to the Germanic discourses on the unconscious, the English-speaking world remains comparatively unaware of this heritage and its influence upon the origins of psychoanalysis.
